

Event: Career Transition Workshop

Insights and Tips for Succeeding in a Difficult Job Market

When: June 18, 2010

12:30 – 4:00 pm

Where: Penn State Great Valley

This free event featured a panel consisting of the directors of the Chester County Workforce Investment Board (WIB) and PA CareerLink, who discussed services available to all Pennsylvania residents.

Additional panelists, including our own ITAG Project Director, Jim Lauckner, discussed how to use social media when searching for a job, working with external recruiters, resume writing, interviewing skills, and other job search tips. A lively, entertaining and informative question and answer session followed the panel discussion.

Thank you to Jim for representing ITAG well!
